

A CHRISTMAS CAROL

MOTUS O DANCE THEATRE

For Ebenezer Scrooge, this night was like every other. No festive lights shone from his window. No music filled his house. No guests were welcomed. Silence and darkness were preferable....and cheaper!

But this night – this Christmas Eve - would be different. His solitude would be disturbed by three spirits. Scrooge would be given three chances to see what he had become....three chances to reflect.... and one chance for redemption.

MOTUS O dance theatre effortlessly weaves a range of dance styles, text and video in this exciting adaptation of the classic story of loneliness and greed, hope and humanity. Follow our anti-hero Mr. Scrooge as he is propelled through a heart-stopping journey revisiting his lost hopes and his deepest fears. Cheer as Scrooge's revelation becomes real as he finally feels.

For a man who believed in nothing... in one night he would believe in everything.
