 - b. 23 feet high (in centre)
 - c. 10 foot eaves
 - d. Site Foot print – 68 foot diameter which includes tie down straps to anchor pins.
 - e. Engineer's stamp

2. SQUARE CHANGE TENT (IF NEEDED)
 - a. 10 feet x 10 feet (x 2 tents) change room for performers (this is optional if the site has a room close to the performing tent that can be used by performers).

3. CHAIRS (IF NEEDED)
 - a. 50 folding chairs for audience members.

4. STAGE
 - a. An 8 foot wide x 24 foot long portable stage (2 feet off the ground)

5. LIGHTING SYSTEM – LED's

6. SOUND SYSTEM – including wireless microphones

7. THE PRODUCTION
 - a. FROM FAIR AND WIDE, O CANADA (15 minutes). To be performed MAX 6 times a day. Schedule to be arranged in conjunction with the VENUE.

8. Third Party Liability coverage upon request.

THE FAIR / FESTIVAL SHALL SUPPLY:

1. Level flat surface for placement of the Round Tent and Change Tents

2. Site plan

3. Any temporary building permits needed for the tent
4. Electrical power – 110 volts (minimum 20 amp system). Note: If no electrical power available, Motus O can supply a generator.
5. 1 day for Motus O to setup tent; 1/2 day for Motus O to strike tent
6. Additional folding chairs if so desired
7. Parking permits for performer vehicle if applicable
8. Min of 2 on site helpers to set up, and strike

IMPORTANT: This is a pole tent, using 40inch stakes to secure to ground. Underground cable locates (as well as over head clearance) are required and any tent large than 645 sq ft requires a “TEMPORARY BUILDING PERMIT”, both are the responsibility of the customer.
