

THE SHUNNING

MOTUS O DANCE THEATRE

THE COMPANY

MOTUS O has been touring across Canada, the U.S.A., Europe and the South Seas since 1990. With fifteen touring shows to-date, the company creates and performs works that portray the human experience. Physical inventiveness, lightning action, humour and pathos, grace and raw energy are all trademarks of their ever-evolving style. Innovative costuming, props, sets and music are all integral components of their communicative works.

THE SHUNNING

Integrating dance and text, *THE SHUNNING* is a story of one man's struggle to express his personal views within a society that demands conformity. This story penetrates to the very heart of the human soul.

THE SHUNNING is a play that will continue to have a life, because it concerns a fundamental human struggle between being oneself and being a part of something, a culture, an order, and what happens when a balance cannot be struck."
